SIMPLE PAST: VISUAL TREE

Peta Konsep High-Level Berdasarkan Pola Percabangan

1. ACTIVE VERBAL SENTENCE

Kalimat dengan Kata Kerja Aksi (Verb) yang sudah selesai di masa lalu.

Subjek: Semua Subjek (I, You, We, They, He, She, It)

(Tidak ada percabangan subjek di kalimat positif)

↓

+ Positive

`S + V2 + Obj`

They played tennis yesterday.
He played tennis yesterday.

↓

- Negative

`S + did not + V1 + Obj`

They didn't play tennis.
He didn't play tennis.

**Verb KEMBALI murni karena sudah ada 'did'*

↓

? Yes/No Question

`Did + S + V1 + Obj?`

Did they play tennis?
Did he play tennis?

Konsep Kunci Verbal:

Penggunaan **Verb 2** hanya berlaku mutlak di kalimat positif. Begitu kalimat berubah menjadi negatif atau tanya, hukum alamnya adalah memunculkan gerbong "**did**", dan kata kerja di belakangnya harus kembali menjadi **Verb 1 murni**.

2. NOMINAL SENTENCE (To Be)

Tanpa Aksi, Fokus pada Identitas, Sifat, atau Lokasi di Masa Lalu

Subjek: I, He, She, It (was)

+ Positive

`S + was + Comp.`

I was a doctor.
She was happy.

- Negative

`S + was not + Comp.`

I was not a doctor.
She wasn't happy.

? Question

`Was + S + Comp?`

Was I a doctor?
Was she happy?

Subjek: You, We, They (were)

+ Positive

`S + were + Comp.`

They were here.

- Negative

`S + were not + Comp.`

They weren't here.

? Question

`Were + S + Comp?`

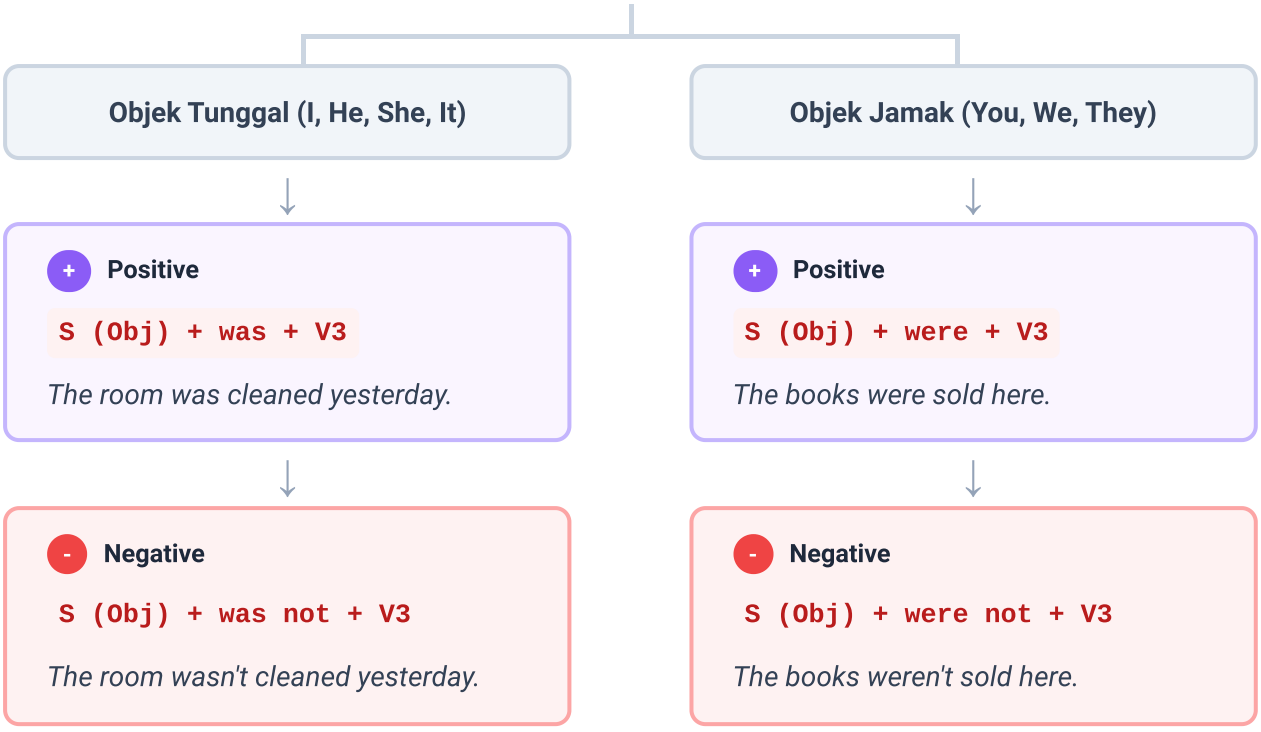

Were they here?

Apa itu Complement (Pelengkap)?

Karena tidak ada kata kerja (Verb), Complement diisi oleh:
Noun (Kata Benda: *a doctor, a book*) | **Adjective** (Kata Sifat: *happy, smart*) | **Adverb** (Ket. Tempat/Waktu: *here, in the room, yesterday*).

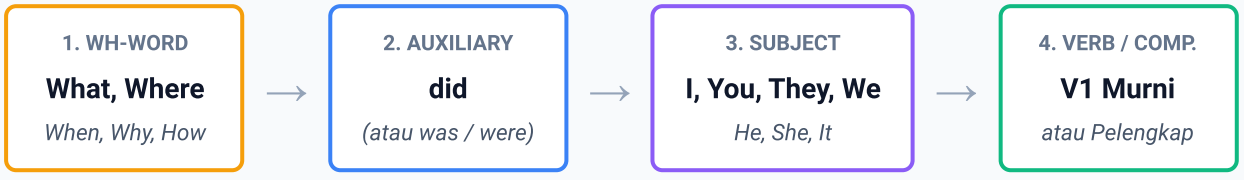

3. PASSIVE VOICE

Fokus pada Objek yang Dikenai Aksi di Masa Lalu

4. ALUR WH-QUESTION (Alur Pertanyaan Terbuka)

Untuk membuat pertanyaan What, Where, When, Why, How, cukup ikuti 4 gerbong urutan ini:

Contoh Verbal: [Where] → [did] → [he] → [live]?

Contoh Nominal: [Why] → [were] → [you] → [late]?
