⚠️ **KUNCI GANDA (DOUBLE LOCK):**
Perhatikan blok merah di atas. Di tense ini, kata **been** dan akhiran **-ing** dikunci mati bersaman. Keduanya tidak boleh dihilangkan!

Time Signal Wajib: Sering diikuti oleh *FOR* (selama... [durasi angka]) atau *SINCE* (sejak... [titik awal waktu]).

2. ATURAN KRUSIAL: STATIVE VERBS

Apakah Ada Bentuk Nominal di Tense Ini?

Tense ini mengatur aktivitas (Action). Lalu bagaimana jika kita ingin menyatakan durasi untuk **perasaan, kepemilikan, atau keadaan (To Be)** yang sudah berlangsung lama?

Action Verbs (Bisa di -ing kan)

Kata kerja fisik: *work, learn, run, cook, wait.*

Gunakan Rumus Asli

`have/has been + V-ing`

✅ *I **have been knowing** him... (SALAH)*
✅ *I **have been learning** English for years.*

Stative Verbs (HARAM -ing)

Kata sifat/abstrak: *know, like, have (punya), be (sick/happy).*

MUNDUR ke Present Perfect

`have/has + V3`

❌ *I **have been knowing** him for years.*
✅ ***I have known him for years.***

💡 **JAWABAN TENTANG NOMINAL SENTENCE:**
Present Perfect Continuous **TIDAK MEMILIKI** bentuk nominal yang baku (kita tidak berkata: ~~*She has been being sick*~~). Jika Anda ingin menggunakan To Be (Noun/Adjective), Anda **wajib mundur** menggunakan rumus Nominal *Present Perfect biasa*.
Contoh: **She has been sick for 3 days.** (Bukan has been being sick).

3. PASSIVE VOICE (Sangat Jarang!)

Fokus pada Objek yang Sedang Terus Dikenai Aksi

Catatan: Penutur asli (native speakers) sangat jarang menggunakan bentuk ini karena terdengar aneh dan berbelit-belit. Mereka biasanya menggantinya dengan Present Perfect Passive biasa. Namun, secara tata bahasa (grammar), rumusnya tetap ada.

Struktur Lengkap Passive

(+) Positive

`S(Obj) + have/has + been + being + V3`

*The road **has been being repaired** for a month.*

(Jalanan itu sudah dan sedang diperbaiki selama sebulan.)
